📄 Job Description: Data Analyst (Entry Level)

Location: Bangalore, India
Job Type: Full-Time | On-Site / Hybrid
Department: Data & Insights
Experience: 0–2 years
Salary: ₹6–8 LPA

🏢 About Us

At **DataNova Analytics**, we're on a mission to empower businesses with actionable insights through data. Our clients span industries like finance, healthcare, retail, and energy. Join our growing team to work with dynamic minds and exciting datasets.

🎯 Job Summary

We are looking for a detail-oriented and curious **Data Analyst** to collect, process, and analyze data to help drive strategic decision-making. You'll work closely with stakeholders to build dashboards, create reports, and provide insights that support both product and business goals.

🛠 Key Responsibilities

- Analyze large volumes of structured and unstructured data to generate insights.

- Develop and maintain interactive dashboards and visualizations (e.g., using Power BI, Tableau).

- Write SQL queries to extract and manipulate data from databases.

- Assist in data cleaning, wrangling, and preprocessing for analytical use.

- Collaborate with cross-functional teams to understand data needs.

- Present findings to technical and non-technical audiences.

📌 Required Skills and Qualifications

- Bachelor's degree in Computer Science, Statistics, Mathematics, Economics, or a related field.

- Proficiency in Excel, SQL, and Python (Pandas, NumPy, Matplotlib).

- Strong analytical thinking and attention to detail.

- Familiarity with data visualization tools like Tableau, Power BI, or Looker.

- Good communication and storytelling skills using data.

🌱 Nice to Have

- Internship or academic project experience in data analytics.

- Exposure to machine learning, predictive modeling, or business intelligence.

- Experience with cloud platforms (AWS, Azure, or GCP).

🎁 What We Offer

- Competitive salary and performance bonuses

- Health insurance and wellness programs

- Learning and development budget

- Mentorship from experienced data professionals

- Hybrid work option (3 days from office, 2 from home)

📝 How to Apply

Send your resume and a short cover letter to **careers@datanova.com**
